

AMAZON POLICY MEMO: February 1, 2018

Dear Resellers,

Effective February 16, 2018, Precision Pro Sports LLC (Precision Pro Golf) will be restricting all resellers from listing all Precision Pro golf products on all AMAZON properties (US/CAD/MX/UK/Japan). This includes FBA, fulfilled by seller and any other listing variations.

We have determined this action is necessary in order to ensure that Precision Pro maintains control of the pricing and presentation of our products within the Amazon marketplace.

Retailers with current listings on Amazon will be permitted to list through February 15, 2018.

Any violation of this policy effective on or after February 16, 2018 will result in closure of a client's account.

If you have any questions or concerns about this policy change, please feel free to contact Jonah Mytro, Co-founder / National Sales Director.

We appreciate your business and relationship and we do understand that this policy change may affect sales volume in 2018.

Please sign and email back the policy memo to ecommerce@precisionprogolf.com.

I acknowledge the new AMAZON rules effective February 16, 2018 and will adhere to all terms as stated in policy memo.
